Judging from the way these "walk out" of the store, at least.

They're certainly made to fit--and to please.

Fine quality ribbed suits in white or cream from \$1.50 up.

And that \$1.50 suit is certainly a dandy. We wanted a garment made especially for us to sell at that price--something that we knew would be the best value ever offered in union suits for one fifty....Never mind the time and trouble it gave us--we have it and we want you to see it.

When are you coming in?

You can get the pure wool-lisle or silk and wool-linen mesh--if you prefer.

If you don't wear union suits--we have many, many styles of the regular under-garments.

## ELKS AND KNIGHTS OF COLUMBUS TO PLAY SUNDAY

Grays Will Go to Las Vegas to Try Again With Maroons; Fraternal Clubs to Occupy the Diamond Here.

The Elks and Knights of Columbus are scheduled to play a game of real baseball on Tuesday night, setting for 12 months which organization has the best ball club. The coming game will be the third the two teams have played. Two years ago the Elks won from the Columbians. Last year the K. C. boys hung it on the Antelope ones. The club to take the Sunday game will have won the two out of three and there is keen rivalry between the members of the two aggregations as to which will win. The fans are assured that the game will be baseball all the way, the diamond being composed of men who know baseball and who have played professional and semi-professional ball.

The Albuquerque Grays will go to Las Vegas Friday for a series of three with the Maroons, hoping to win back the honors they lost here Sunday.

## OF INTEREST TO THE FANS

### Getting the Money at Last.

Captain Mack, to whom pennant winning last season was almost an expensive procedure, finally seems to be about to reap the rewards due him for his years of work in building up his success with it. Last season the Athletics got away so well, and had them kept in hand so early, there was no room in placing on its home front in the fall, when the club should be getting the big coin. The race was run, the interest was gone, and major league fans who can see the best baseball at any time, will not pay for exhibitions. The world's series helped somewhat, but even that was better than P. might have been, and consequently, so much the less profitable to the club, though the players were not affected.

This year things have broken better for Mack. His team is not the best card on the board, as he himself has admitted, the Athletics, for some reason, not being an attractive outfit, and drawing merely because of their admittedly great strength. At home, however, they have drawn the money because they made a poor getaway and spent most of the season fighting for position. And it is when a team is climbing that it is a card. According to Philadelphia newsmen, the Athletics will set a home record in 1911, and the Phillies, who had a surprisingly good year, will share in the prosperity.

### Mack Scouts Are Watching Giants Play the Game

New York Nationals Have Far Better Base Stealers Than the American League Leaders.

The Athletics this season have won eight and lost ten games to Detroit against 13 victories and 9 defeats with the Tigers in 1910. Reduced to figures, the Athletics are 25 per cent less effective against Detroit than in 1910.

No Athletic pitcher has been effective against Detroit this season, while Jack Coombs beat the Tigers five games, every game he started, last season. No Athletic pitcher has won more games than he has lost in the Tigers this year. Plank and Bender have the best records. Plank has won two and lost two games, and Bender has won one and lost one.

The Tigers this season have 193 hits off the Athletic pitchers in 15 games against 154 hits in 22 games in 1910. Coombs slumped worst. In the five games Coombs beat the Tigers last season, and in one in which he relieved Plank, he held them to 26 hits. He has pitched in seven games this season and a total of 65 hits were made off his delivery.

### Too Much Training Makes Poor Foot Ball.

The majority of the large university football teams begin their schedule on the last Saturday in September and end the season about Nov. 26. If they begin practicing Sept. 15 and play until Nov. 26, the season will have run nine weeks, while, according to Mike Murphy, Pennsylvania's trainer, is long enough. Murphy opposed keeping men in training more than 10 weeks.

A year ago Harvard's preliminary training was longer than any other big school, and experts say the team's poor showing against Yale was traced directly to too much work.

This year most of the big schools start their season September 26, and with few exceptions play their last game on November 25. A few will play Thanksgiving day.

## HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the cross finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments.

No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes plant and elastic those fibers and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child.

Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

In base running the Giants top the Athletics by a large margin, the team having stolen 249 sticks. The weight of this fact may be suggested by consideration of the fact that the Giants have suffered only 116 bases and the Pirates 121. The Athletics have recorded 177 steals being topped in the American league by Detroit base runners with 218 and the Yankees with 202.

REPUBLICANS WILL STAND TOGETHER

Elfeo Bacca in Speech Before County Committee Yesterday Declares He Believes in Remaining With Party.

Following is the speech made before the Republican committee of Bernalillo county yesterday by Elfeo Bacca.

Mr. Chairman and Gentlemen of the Republican Central Committee of Bernalillo County:

I have been asked to say a few words in this meeting and I am glad to do so. At the last meeting held in Judge Mann's office I remember that the same request was made to me by several of my friends, which was accepted at that time, and in addressing them if I recollect now, I addressed them as members of the Republican party, saying among other things that I did not recognize that meeting as the Republican central committee of Bernalillo county, but that I did in substance as long as there was a contention in this county as to whether Mr. Gillenwater or Judge Mann was chairman of the central committee of this county. Mr. Gillenwater said he would not accept that. I remember also that he was made another proposition. Mr. Gillenwater, I understand that your contention is that the Republican central committee of this county did not have any power to remove him, and Mr. Gillenwater said "Yes". Mr. Holloman said "I am with you. I do not believe they had any right to remove you, but now switching around what right had you to remove any members of that committee?" in other words he meant to say that the same rule that Gillenwater had adopted could be adopted by the members of the committee. I remember that another proposition was made by Mr. Holloman. Mr. Gillenwater, suppose we decide that you continue as chairman of the central committee of Bernalillo county, with the understanding that you will continue with the old committee, and he refused to do that. Now, gentlemen, in view of that now it seems to me that Mr. Gillenwater and those following his ideas have not had the Republican party at heart. They are preparing to destroy the Republican party not only in Bernalillo county, but in the entire state of New Mexico, if they can do so, and it is in our power to say whether or not they will do it. Who is behind this proposition? Mr. Hagerman, the man who was thrown out of the executive office by the national Republican administration? The man who is a simple Republican for office is not a Republican. A man should be a Republican in principle. I believe that every man, every person belonging to the Republican party has the right to claim an office if he sees fit. But you must submit to the majority of the people you must submit to the convention, and if you do not do that I will not call you a Republican. Every one of us has a right to hold office, but the moment that the state convention says that I will not be the proper man for that office, well and good. It is my duty to vote for the man who has obtained the nomination, to that office. I understand that some movement is being made by Mr. Hagerman, to create a new party--the progressive Republicans. Then, if he is the kind of Republican that we are going to have, God bless the Republican party. Everybody knows when he was supposed to be governor of New Mexico and a Republican he was advised in all his acts by well-known Democrats. What did he do for the Republicans? He tried to wreck B. All this was in the newspapers at that time. He is willing to create a new party to satisfy himself, to see if he can come back and get an office. Of all the other Republicans that are following his ideas naturally have adopted the same methods to say they are Republicans as long as they can get an office, and if they do not get it they will affiliate with the Democ-

rats and if the Democrats do not want them they will create another party, and they have several means to help them provided they pay them the right. I wish to say simply that I am a Republican, and I have been a Republican all my life, and will support whatever the convention does and hope you will do the same. The question now is not who is to have office, involves more serious ramifications than that. We must see that the legislature will be composed of good men willing to select good men in the high offices of congress. Those mean in the office of sheriff in this country. For example he is making from \$17,000 to \$18,000 a year. You can find no number of persons who are willing to fill the office of sheriff for \$17,000 a year. You do know, however, in all the offices, cut down and relatives, the school boards, that is who we need. Congress has said sometimes that we are not competent to give ourselves, and now is the time to show ourselves that we are ready and have been ready for many years to govern ourselves and that we have the best interest. The whole country has been up and down and the result of the naming election and we ought to know what we are going to do. But the idea is to vote for members of our party, and as long as you are not members of our party then you can claim its benefits for yourself and your family and your neighbor.
